

Adding a Carrier to a Shipment

Adding a carrier to a shipment allows the Kuebix user to manually enter a rate provided by a carrier outside of Kuebix. Having all rates and shipments created in Kuebix allows a Kuebix user to have accurate reports with all their shipment data and records available.

1. On the **Ship It** page, after entering your shipment details and contracting rates, click **Enter Carrier Rate**.

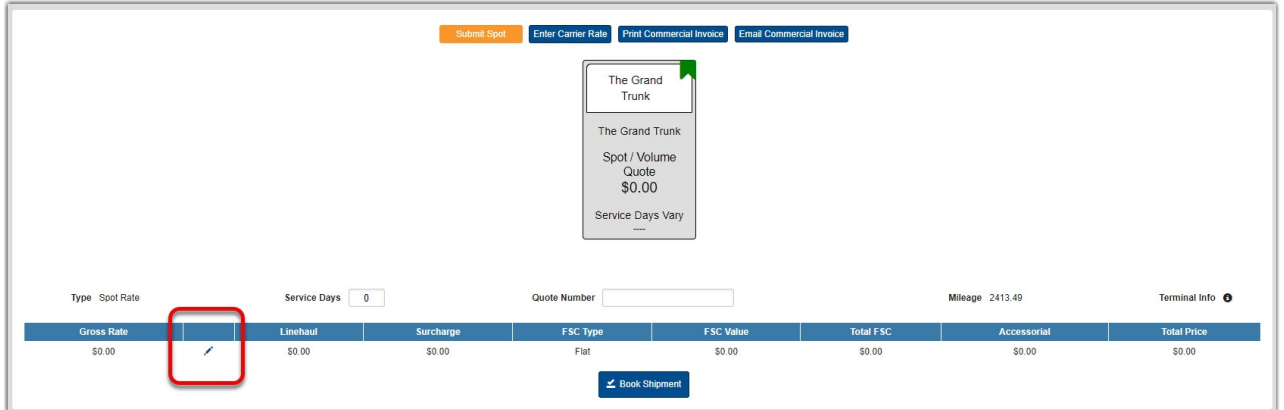

2. Search for and select the carrier you would like to add to your available

rates and click **OK**.

3. Select the rate tile for the carrier you just added and click the **pencil** icon.
