

Automatic Carrier Filtering

We've added a feature to automatically filter out carriers if the shipment exceeds their maximum pallet, linear feet, or cube thresholds.

In order for this to apply, you will need to enter thresholds on your applicable LTL carrier agreement. You may need to reach out to your carrier account manager to get this information.

On the **Connected Carriers** page, click on the agreement name for the LTL agreement you'd like to adjust.

Agreement References					
Apply	Actions	Agreement Name	Agreement Notes	Active	Agreement Type
<input type="checkbox"/>				All ▾	All ▾
<input type="checkbox"/>	Quick Actions...	A-0000146416		Yes ▾	Spot/Volume Agreement
<input type="checkbox"/>	Quick Actions...	A-0000143907		Yes ▾	TL Agreement
<input type="checkbox"/>	Quick Actions...	A-0000116542		Yes ▾	Spot/Volume Agreement
<input type="checkbox"/>	Quick Actions...	A-0000116541		Yes ▾	Spot/Volume Agreement
<input type="checkbox"/>	Quick Actions...	A-0000116540		Yes ▾	Spot/Volume Agreement
<input type="checkbox"/>	Quick Actions...	A-0000110110		Yes ▾	LTL Agreement
<input type="checkbox"/>	Quick Actions...	A-0000094541		Yes ▾	TL Agreement

Scroll down to the **Shipment Limits** section, and add the thresholds provided by the carrier and then click Save.

Now, when creating a shipment in **Ship It**, the information can be added in the **What Items will you be shipping?** section.

Click on the corresponding checkboxes to enable the measurement you want to include.

■ Add Item Details What items will you be shipping?

Handling Unit Type # HU's PKG Type Description Order Reference Total Weight UOM Class L (in) X W (in) X H (in) UOM Stackable Estimated Class Density(PCF)

Pallet(s) 1 Box(es) Right Boots 0 lbs 70 NMFC

+ Add More Handling Units

Add Total Linear Feet Linear Feet Add Total Cube 0

Total Shipping Weight: 0.0000 Total Cubic Feet: 0.00 Total Handling Units: 1 Total Packages: 0

Now, when sending the shipment information to your carriers, the Kuebix system will check those fields against the thresholds entered on your carrier agreement(s), and exclude that carrier if the thresholds apply.

If you do not enter the total linear feet or total cube on the shipment, all carriers will be included in your results.
