Automatic Carrier Filtering

We've added a feature to automatically filter out carriers if the shipment exceeds their maximum pallet, linear feet, or cube thresholds.

In order for this to apply, you will need to enter thresholds on your applicable LTL carrier agreement. You may need to reach out to your carrier account manager to get this information.

On the **Connected Carriers** page, click on the agreement name for the LTL agreement you'd like to adjust.

	Agreemen	t References			
Apply	Actions	Agreement Name	Agreement Notes	Active	Agreement Type
				All 🗸	All
	Quick Actions	<u>A-0000146416</u>		Yes 🗸	Spot/Volume Agreement
	Quick Actions	<u>A-0000143907</u>		Yes 🗸	TL Agreement
	Quick Actions	<u>A-0000116542</u>		Yes 🗸	Spot/Volume Agreement
	Quick Actions	<u>A-0000116541</u>		Yes 🗸	Spot/Volume Agreement
	Quick Actions	<u>A-0000116540</u>		Yes 🗸	Spot/Volume Agreement
	Quick Actions	<u>A-0000110110</u>		Yes 🗸	LTL Agreement
	Quick Actions	<u>A-0000094541</u>		Yes 🗸	TL Agreement

Scroll down to the **Shipment Limits** section, and add the thresholds provided by the carrier and then click Save.

Cancel	Save					

Now, when creating a shipment in **Ship It**, the information can be added in the **What Items will you be shipping?** section.

Click on the corresponding checkboxes to enable the measurement you want to include.

Add Item Details	What i	What items will you be shipping?		≡
Handling Unit, Type Pallet(s)	Description Right Boots Order Reference 0	Weight UOM Class Ibs • 70 • NMFC	$\checkmark \begin{tabular}{ c c c c } V (in) X (H (in) I ($	Stackable No No Testmated Class Densty(PCF) 0
Add Total Linear Feet Add Total Cube 0	Teld Cubic East: 0.00	Total Usedina II	nite: 4	Tabl Backney: 0
Total Shipping Weight: 0.0000	Total Cubic Feet: 0.00	Total Handling U	nits: 1	Total Packages: 0

Now, when sending the shipment information to your carriers, the Kuebix system will check those fields against the thresholds entered on your carrier agreement(s), and exclude that carrier if the thresholds apply.

If you do not enter the total linear feet or total cube on the shipment, all carriers will be included in your results.
